

### **New Patient History Form**

Thank you for choosing our dental office. We take great pride in offering state-of-the-art professional care while providing good old-fashioned service.

**Please note:** This file must first be downloaded to your local computer before being filled out. There is no save feature included with the online version of this form.

Any information entered directly into the online version of the form without downloading it first will be lost.

After the form is downloaded to your computer, it should be completed, saved, and then emailed back to us.

Alternatively, the form can be printed out and brought with you to your appointment.

We have attempted to make it as easy as possible to enter your information on the next several pages. Wherever there is a checkbox or drop-down list simply select the appropriate choice.

#### **Policies**

## **Scheduling Policy**

We value your time and do not overbook!

Please help us continue to do so by providing 48 hours notice when rescheduling.

While we do not charge for short notice cancellations or broken appointments, patients who miss multiple dental cleaning appointments will be asked to choose between:

Same day appointment priority:

If your schedule is flexible, you can be offered first choice of any openings that become available within 24-48 hours.

OR

• Prepayment for advance scheduling:

If your schedule requires a specific day or time reserved in advance, a non-refundable deposit in the amount of our dental cleaning fee can be made to secure your preferred time.

## **Financial Policy**

- We accept cash and all major credit and debit cards.
- Payment for dentistry is due at the time of service unless prior arrangements are made.
- If an account becomes past due and is referred to an outside collection agency or attorney, you will be responsible for all collection costs, reasonable attorney fees, and court fees.

#### Dental Benefit Plans (Insurance) Policy

- We are an out-of-network provider with all companies.
- As a courtesy we file claims on your behalf so you can be reimbursed for treatment.
- Dental Plans are not true "insurance" and rarely cover 100% / 80% / 50% of common services.
- When possible, we can verify benefits before treatment begins and collect your estimated copay only, at the time of service.
- Plan limitations and exclusions are always changing and although we use the most up-to-date information available to us, it is still just an estimate. You are ultimately responsible for any balance remaining after your claim is processed.

Please indicate that you understand and accept our office's policies by signing below. This will also cover any dependent children who are patients of this practice.
